

ROSIL GABBAR MAKTOOF

Iraq - ThiQr | <mailto:engbio2m7@utq.edu.iq>

OBJECTIVE

Recent Biomedical Engineering graduate with a strong foundation in engineering principles and software applications. Seeking a challenging role to apply theoretical knowledge in developing innovative healthcare solutions.

SKILLS AND ABILITIES

- Technical Skills:** Matlab, Proteus, Adaptability
- Language Skills:** Arabic (native), English (upper intermediate)
- Soft Skills:** Communication, Planning, Teamwork, Problem-solving, Adaptability

EDUCATION

University of Thi Qar- College of Engineering 2019-2024
Bachelor of Biomedical Engineering

GRADUATION PROJECT

Development of Smart Transdermal Drug Delivery System for
Controlled Release of Amphetamines Pharmaceuticals Formulation:
Opportunities and Challenge
