EDUCATION

-
- BIOMEDICAL ENGINEERING**
Bachelor's degree in Biomedical Engineering / Dhi Qar University
2019 - 2024

EXPERIENCE

-
- Social media management
 - Training on various medical devices for two months. (2023/7/1 to 2023/9/1)
 - Volunteering with the university group to support the work of medical device engineers Worked with many Civil society organizations and voluntary work In various fields
 - have many certificates in training from (successful organizations and Training workshops on medical devices(

PROFILE

A multi-passionate Biomedical Engineer, photographer with extensive computer and social media management experience. Creative, sharp-minded individual with leadership and coaching abilities, along with strong time-management skills and work ethic.

SKILLS

TECHNIQUE SKILLS:

- Photography
- Good experience in editing and montage applications
- Microsoft Office apps(word,power point, Excel)
- High ability in dealing with numbers.
- Very Good at the English language
- Good experience in dealing with medical devices
- Use MATLAB
- Use Proteus
-

SOFT SKILL:

- teamwork
- presentations skills
- activity planning
- communication
- Problem-Solving
- Professional ethics

Ref: Ayat Ayad Mahdi

To Whom It May Concern,

I am writing to recommend Ayat Ayad Mahdi for opportunities in biomedical engineering and related fields. I have had the pleasure of knowing Ayat for five years, both as her professor at Thi Qar University and as her mentor in the Bawsala Carrier Mentorship program.

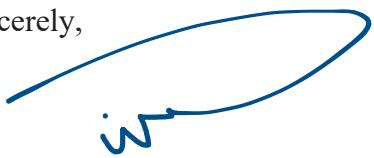

Ayat is a multi-passionate and driven individual with a strong foundation in biomedical engineering. She consistently demonstrates a thirst for knowledge and a dedication to her studies, as evidenced by her good grades and active participation in college activities.

During our eight months together in the mentorship program, I was consistently impressed by Ayat's eagerness to learn and grow. She actively sought out opportunities to develop her skills and knowledge, and she consistently exceeded expectations. Ayat is a quick learner with a strong work ethic, and she is always willing to go the extra mile to achieve her goals.

In addition to her technical skills, Ayat possesses a range of soft skills that make her an asset to any team. She is an excellent communicator, a skilled collaborator, and a natural problem solver. Ayat is also highly organized, detail-oriented, and able to manage multiple tasks simultaneously.

I am confident that Ayat has the potential to make significant contributions to the field of biomedical engineering. She is a talented and motivated individual with a bright future ahead of her. I highly recommend Ayat for any opportunity that will allow her to utilize her skills and knowledge to make a positive impact.

Sincerely,

A handwritten signature in blue ink, appearing to read "Hussein Mishbak, Ph.D." The signature is fluid and cursive, with a large, stylized oval enclosing the main part of the name.

Hussein Mishbak, Ph.D.
